GENERAL

TORISHIMA MMO, is a high pressure centrifugal pumps are pumps of ring section type. They are suitable for clean media free from abrasive and solid particles and not liable to attack the pump mechanically (*abrasion*) or chemically (*corrosion*).

APPLICATIONS

They are used in waterworks, pressure boosting stations, sprinkling and irrigation installations, fountains, fire-fighting systems and in mechanical engineering. They handle boiler feedwater and condensate, circulate cooling water and hotwater and are used for power water generation and in carwashes.

PERFORMANCE RANGE

- Capacity : up to 36 l/s (130 m³/h)
- Total Head : up to 400 m
- Operation Pressures : up to 40 bar
- Operating Temperatures : - up to +110 °C (GP)
- up to +120 °C (MS)

MMO pumps can also be used as circulating pumps in high pressure systems because even the suction casing is designed for 40 bar. The only restriction is that the sum of the maximum suction pressure plus total head must not exceed 40 bar at zero capacity.

THOROUGHLY RATIONALIZED DESIGN TO MEET ANY SPECIFIED REQUIREMENTS

Simple and high performance design contributes to reduction of equipment cost and energy-saving

Hydrodynamically simplified pump design resulted in attractive cost reduction. Besides not only the number of stages is lower but also pump size is smaller maintaining the same performance as our former models.

Nozzle orientation can be freely chosen

The pump feet, integrally cast onto the bearing housings, allow free orientation of both suction and discharge nozzles, as illustrated on the right.

Shaft seal requires no cooling for temperature range up to 120 °C

Elimination of cooling water feed and return piping and monitoring instruments.

Variety of material combination

Various materials are available, so as to provide wide application range.

MATERIAL COMBINATION	
Part Designation	Materials
Suction Casing, Stage Casing	Cast Iron, Bronze
Discharge Casing	Cast Iron, Bronze, Carbon Steel, Ductile Cast Iron
Impeller	Cast Iron, Bronze
Shaft	Carbon Steel, Stainless Steel
Shaft Protecting Sleeve	Stainless Steel
